

Product Specifications: **BarnCraft® Knotty Alder Barn Doors**

Knotty Alder doors built for the BarnCraft Barn Door Series are included in our BarnCraft Premium Sliding Doors & Hardware product catalog, and have the following specifications*:

- 1) Doors are only available assembled.
- 2) 8 different barn door profiles are available (see opposite page). Not all profiles are available in all sizes, as smaller doors do not allow all cross rails and larger doors require cross rails for stability.
- 3) The "front" side only of all Barn Door profiles includes the cross rails.
- 4) The "back" side of all Barn Door profiles DO NOT include the cross rails, and include vertical planks only.
- 5) Door cross rails are constructed from 1" thick x 8" wide Knotty Alder on the Plank, Z, Mid Rail Plank, Double X, and Double Z door profiles.
- 6) Door cross rails are constructed using 1" thick x 4" wide Knotty Alder for the horizontal top, mid, and bottom cross rails and vertical stiles on the Two Panel, Double Z Two Panel, and X Two Panel door profiles.
- 7) All X and Z rails on all profiles use 1" x 4" Knotty Alder.
- 8) Door hangs 5/9" from the wall.

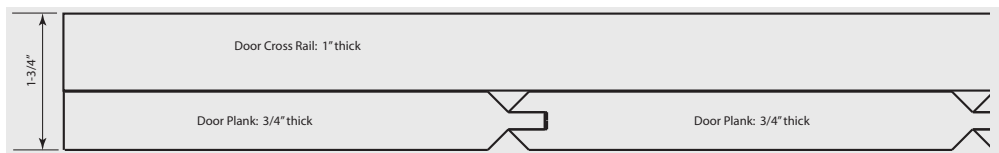

Available Stock Product Sizes: Knotty Alder Barn Doors: See charts on the following pages.

Construction: All barn doors use 3/4" thick planks with 1" thick rails. Doors are 1-3/4" thick.

Connection Method: True tongue-and-groove planks. Rails are screwed onto planks.
